UPPER SADDLE RIVER, NEW JERSEY  
REGULAR MEETING  
Monday, April 17, 2023, 8:00 p.m.  
Auditorium, Cavallini Middle School  
392 West Saddle River Road**

**Agenda**

This is a regular meeting of the Upper Saddle River Board of Education and appropriate notice has been provided to the designated newspapers, the Borough Clerk and all interested parties requesting such notice.

Two opportunities are provided at this meeting for citizens to make comments. The Board values and welcomes comments and opinions from the residents of Upper Saddle River as long as remarks are not personal or discourteous. Public comment allows the Board to listen to community members and to hear their opinions on school policy and operations.

Upon being recognized, persons wishing to speak should stand and identify themselves by name and address; the speaker should direct his/her remarks to the presiding officer. Comments shall be limited to school-related issues and each speaker will limit his/her remarks to three minutes. If personal or discourteous statements are made, the presiding officer shall require the speaker to stop. No speaker may comment again until all those who wish to speak have had an opportunity and as long as time allows. If, in the judgment of the presiding officer, the total time devoted to public comment becomes excessive, the presiding officer may indicate the Board has time for one more speaker and will so notify the public.

HOMEWORK

## 2330 HOMEWORK

The Upper Saddle River School District considers homework to be any work, written or otherwise, assigned by a teacher, to be completed by a pupil outside of the school day.

The district believes that homework is an important element of a child's education because it compliments the school experience, teaches the pupil responsibility and self-discipline, promotes the development of valuable study skills and reinforces and enriches classroom instruction.

Moreover, homework is useful to teachers as an additional form of pupil assessment, it helps both teachers and parents to understand a child's progress and frequently provides a basis for parental communication with teachers and the school.

The district further believes that homework should be regularly utilized as an educational tool and that the frequency and amount of homework will vary according to each teacher's particular set of circumstances including, but not limited to, subject, grade level, type of assignment, and pupil needs.

### Some Examples of Homework Activities

Investigation: Exploring an idea or topic;

Reinforcement: Practicing fundamental skills of any particular subject, e.g. mathematics tables;

Research: ~~Utilizing textbooks,~~ electronic texts and resources, library materials, and reference work for projects;

Review: Studying for tests or quizzes, or to reinforce skills;

Observation: Obtaining ideas from the environment or such activities as field trips, plays, or television programs;

Discussion: Sharing points of view and information;

Collecting: Preparing collection or exhibits; and

Creating: Developing imaginative works of art, music or literature.

How Parents Can Help

It is important that your child understands that homework is a priority at home. Parental guidance will go a long way in emphasizing the importance placed on a child's education.

1. Provide a study area.
2. Plan a specific time.
3. Look for homework.
4. Encouragement.
5. Communicate with teachers.
6. Family reading is an essential daily routine. Enjoyable reading should always be included as part of the daily routine.

#### Time Guidelines for Home Study

The amount of time spent on homework depends largely upon one's ability, age, and the pace at which one works. Middle School homework should not exceed two hours- Consequently, it should be a gradual and progressive experience.

Assignments will vary from class to class and from subject to subject. Some assignments can be completed during the same evening as a regular homework responsibility. Other assignments may carry over for a longer period of time, i.e., science projects, essays, reports, etc. To assist the child, there is a need to offer guidance in setting time aside for both short and long term homework assignments.

In accordance with the provisions of N.J.S.A. 18A:38-25, every parent, ~~guardian~~, or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Education requires students enrolled in the school district attend school regularly in accordance with the laws of the State.

For the purpose of this Policy and Regulation 5200, "parent" means the natural parent(s), adoptive parent(s), legal guardian(s), resource family parent(s), or surrogate parent(s) of a student. When parents are separated or divorced, "parent" means the person or agency who has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided parental rights have not been terminated by a court of appropriate jurisdiction.

Notwithstanding the requirement of reporting student absences in the school register for State and Federal reporting purposes, "excused" and "unexcused" student absences, for the purpose of expectations and consequences regarding truancy, student conduct, promotion, retention, and the award of course credit is a ~~local~~ Board decision outlined in N.J.A.C. 6A:16-7.6 and Policy and Regulation 5200. In accordance with the provisions of N.J.A.C. 6A:16-7.6 and for the purposes of Policy and Regulation 5200, a student's absence from school will either be excused or unexcused. Unexcused absences will countscount toward truancy.

A parent or adult student shall provide advance notice to the school prior to the student being absent from school. In accordance with N.J.S.A. 18A:36-25.6, if a student is determined to be absent from school without valid excuse, and if the reason for the student's absence is unknown to school personnel, the Principal or designee shall immediately attempt to contact the student's parent to notify the parent of the absence and determine the reason for the absence.

Students that are absent from school for any reason are responsible for the completion of assignments missed because of their absence. In accordance with N.J.S.A. 18A:36-14, a

student who is absent from school for observing a religious holiday shall not be deprived of any award, eligibility, or opportunity to compete for any award, or deprived of the right to take an alternate test or examination that was missed because of the absence provided there is a written excuse of such absence signed by the parent.

- Prolonged or repeated absences, excused or unexcused, from school or from class, deprive students of the educational and classroom experiences deemed essential to learning and may result in retention at grade level or loss of credit or removal from a course that would count toward the high school diploma in accordance with policies of this Board.

- Students shall be subjected to the school district's response for unexcused absences that count toward truancy during the school year as outlined in N.J.A.C. 6A:16-7.6(a)4, and Regulation 5200.-

- Unexcused absences from school or from classes within the school day may subject a student to consequences that may include the denial of a student's participation in co-curricular activities and/or athletic competition.- Repeated absences from school interfere with efforts of the Board and its staff in the maintenance of good order and the continuity of classroom instruction and such absences may result in the removal of the student from a class or course of study.

- When absences are unexcused, homework will not be given out in advance. Because attendance in school is of the utmost importance for students and required by law, it is the policy of the Board of Education that teachers do not provide, in advance, homework to students who are absent from school because of vacation. Upon the child's return, the work is to be made up after school at a time mutually convenient for the student and teacher. Providing the homework in advance, may encourage these types of absences and may send the message that the school condones them.

- The Superintendent shall calculate and monitor the average daily attendance rate for the district and for each school in the district.- Whenever the average daily attendance rate does not meet the New Jersey Department of Education requirements the Superintendent or designee shall develop a district improvement plan to improve student attendance pursuant to N.J.A.C. 6A:30-5.2.

For the purpose of this Policy, a "youth sports team organization" means one or more sports teams organized pursuant to a nonprofit or similar charter or which are member teams in a league organized by or affiliated with a county or municipal recreation department.

The Board shall provide to all persons who supervise youth programs that are not sponsored by the school district, but operate a program in a district building before or after school hours, on the weekend, or during a period when school is not in session, information on the district's school practices and procedures in the event of a school safety or security incident at a school including non-confidential information on evacuation procedures, emergency response protocols, and emergency contact information in accordance with the provisions of N.J.S.A. 18A:41-7.

SCHOOL VISITORS

### 9150 SCHOOL VISITORS

While the Board welcomes and encourages visits to school by parents, other adult residents of the community, and interested educators, the Board recognizes that one of its primary obligations is to ensure continuous, non-disruptive educational experiences for its pupils. Due to this, the Board through this policy seeks to balance the needs of visitors to the school with the pupils' educational requirements.

The Superintendent or Building Principal has the authority to prohibit the entry of any person to a school of this district or to expel any person when he/she has reason to believe the presence of such persons would be inimical to the good order of the school. If such an individual refuses to leave the school grounds or creates a disturbance, the Principal is authorized to request from the local law enforcement agency, whatever assistance is required to remove the individual.

The Superintendent shall promulgate regulations that will protect pupils and employees of the district from disruption to the educational program or the efficient conduct of their assigned tasks.

1. With the exception of school coordinated or initiated events, visits by parent(s) or legal guardian(s) or their designee shall be limited to a one time visit per year per child not to exceed one hour unless requested by the school in order to avoid disruption of the learning process. Parent(s) or legal guardian(s) are prohibited from observing the classroom for an entire day because the Board believes this to be disruptive for pupils and teachers. Additionally, any parent(s) or legal guardian(s) or their designee wishing to observe their child(ren) in the classroom must make an appointment. The district has forty-eight hours to schedule the date and time of the desired observation. The specific classroom(s) the visitor wishes to observe must be specified. The Superintendent or school Principal, after consultation with the affected teachers, shall notify the visitor of his/her approval or disapproval of the date and time of the observation. If the Superintendent or school Principal disapproves the date and/or time of the observation, the Principal must notify the visitor of the reason for the denial of the request.
2. All visitors shall be required to report to the Welcome Station or Principal's office upon entering the building. Teachers should inform the office of individuals found within the building who are not recognized as part of the school community.

3. Parent(s) or legal guardian(s) delivering lunches, books, sneakers, and other items to their child(ren) should proceed directly to the Welcome Station or main office where staff can accommodate the individual. Parents may not go directly to a child's classroom to deliver the items to their child(ren).
4. At no time shall a staff member transact business with the person in the school who has not duly registered at the Welcome Station or main office and received authorization to be present for the purpose of conducting business.
5. No visitor may confer with a pupil in school without the approval of the Principal.
6. Observations of classes by parent(s) or legal guardian(s), or their designee, or any other visitor for the purpose of making value judgments about curriculum, instruction, teacher performance, and pupil performance are not permitted. The Upper Saddle River Board of Education and its schools provide opportunities to judge a child's (children's) progress through report cards, standardized test results, individually administered assessments, conferences with teachers, work samples, and performance on homework assignments.
7. Any and all persons violating any conditions of this policy shall be considered "disorderly persons" and subject to appropriate actions, including but not limited to the prohibition against any future visits to the school and opportunities to view their child(ren) in the classroom. Furthermore, the Upper Saddle River Board of Education specifically reserves the right to deny parent(s) or legal guardian(s) or their designee, or any other visitor the opportunity to observe their, or any, child's (children's) class when:
  - a. The presence of the parent(s) or legal guardian(s), or their designee, or any other visitor would be disruptive to their child, other pupils, or the teacher;
  - b. The child's disability or personality is such that the presence of their parent(s) or legal guardian(s), or their designee, or any other visitor in a classroom would be extremely disruptive and/or distracting.

### 9700 SPECIAL INTEREST GROUPS

Any requests from civic institutions or special interest groups which involve such activities as patriotic functions, contests, exhibits, fund raising, and sales of products to and by pupils must be carefully reviewed to ensure that on balance such activities promote pupil interests without advancing the special interests of any particular group.

It is the policy of the Board of Education that pupils, staff members, and district facilities not be used for advertising or promoting the interests of any non-school agency or organization, public or private, without the approval of the Board or its delegated representative, and any such approval granted for whatever cause or group shall not be construed as an endorsement of said cause or group by this Board.

All materials or activities proposed by outside sources for pupil or staff use or participation shall be reviewed by the Board of Education, Superintendent and Building Principal on the basis of educational value in the total school program, benefit to pupils, factual accuracy, and good taste.

#### Awards and Prizes

The Board of Education is appreciative of the generosity of organizations which offer scholarships or prizes to deserving pupils in this district. But, in accepting the offer of such scholarships or prizes, the Board directs that these guidelines be observed:

1. No information either academic or personal shall be released from a pupil's record for the purpose of selecting a scholarship or prize winner without the permission of the parents of a pupil in accordance with the Board's policy on pupil records.
2. The type of scholarship or prize, and any restrictions pertaining thereto, shall be approved by the Board.
3. All pertinent information regarding the proposed award shall be submitted for the Superintendent's approval.
4. The Building Principal, together with a committee of staff members designated by the Principal, shall be involved in the selection of the recipient, and, if agreeable to the sponsoring organization, the selection shall be left entirely to the Principal and staff committee.
