

## **Christmas in [N.J.] – Vulfpeck**

[Verse]

On Christmas morning, on Christmas day  
Santa is getting into his sleigh  
He grabbed his reindeer, he went down south  
He just had to see what it's all about

[Pre-Chorus]

Wrapping presents out in the sun  
Stuffing stockings, having some fun  
Reading, writing, Christmas is here  
Upper Saddle River cheer

[Chorus]

All the little children and all the big children  
It's Christmas (in N.J.)  
All the ladies and all the little babies  
It's Christmas (in N.J.)  
Even the gentlemen, every single one of them  
Christmas (in N.J.)  
In N.J.

[Bridge]

Oh, everyone around the world  
Every boy and every girl  
It's time to say  
It's time to say  
It's time to say out loud

[Chorus]

All the little children and all the big children  
It's Christmas (in N.J.)  
All the ladies and all the little babies  
(They were singing in the round)  
Even the gentlemen, every single one of them  
Christmas (in N.J.)  
In N.J.

All the little children and all the big children  
It's Christmas (in N.J.)  
All the ladies and all the little babies  
It's Christmas (in N.J.)  
Even the gentlemen, every single one of them  
Christmas (in N.J.)

You gotta get down to USR now  
The tree is gonna light the town

You gotta get down to USR now  
The tree is gonna light the town  
You gotta get down to USR now  
The tree is gonna light the town  
You gotta get down to USR now  
The tree is gonna light the town  
You gotta get down to USR now  
The tree is gonna light the town, yeah
