

An Enrichment Research Opportunity

Calling all 4th graders interested in an extra challenge!

Come participate in an incredible journey around the world which will allow you to see strange and unusual places and experience new cultures. You will have to complete tasks and solve clues that will lead you to your next destination. You will start in New York City and the first person to make it back will win. *Interested?*

The Amazing Race will take place during 4th grade lunch/recess (11:35-12:15) once per cycle. Letter day to be determined by number of participants. You will be notified when the program will begin. You will need to bring your chromebook. We will meet for at least 8 sessions. You must commit to all sessions. Questions? Mrs. Caravela (Room 65): acaravela@usrschoolsk8.com

Please return this form to your teacher by 9/28/24:

Yes! I am interested in participating in the The Amazing Race Enrichment Research Project.

Name _____ Teacher's name _____

_____ I understand that *I will miss recess* during my assigned day and I will need to commit to this project for 8 recess periods, once per cycle. (If you choose to not attend after the class has started, please send Mrs. Caravela a note or email)

Parent Signature _____
