

## Screenings

Health screening for height, weight and blood pressure shall be conducted annually for each student in kindergarten through grade eight.

Screening for visual acuity shall be conducted biennially for students in kindergarten through grade eight.

Screening for auditory acuity shall be conducted annually for students in kindergarten through grade three and in grades seven.

Screening for scoliosis shall be conducted biennially for students in grades five and seven. Any student may be exempt from the examination upon written request from a parent/guardian.

The school nurse shall conduct screenings. Parents will be notified of any student suspected of deviation from the recommended standard.
